Claims 1-29 are presently be pending. A first Office Action on the merits has not issued in this U.S. National Phase application.

This application is a national phase under 35 U.S.C. §371 of PCT/US2003/038582, which is a continuation-in-part of U.S. application Serial No. 10/309,803, filed December 3, 2002, both of which re incorporated by reference in their entirety. Applicants do not claim priority to any domestic patent documents except U.S. application Serial No. 10/309,803, filed December 3, 2002. Attached hereto as Exhibit A is a copy of the PCT Request, which shows that Applicants made the proper priority claim to U.S. application Serial No. 10/309,803, filed December 3, 2002.

The Filing Receipt issued on August 17, 2007, reflects an improper recitation of domestic priority based on a Declaration from parent application Serial No. 10/309,803, that was erroneously submitted in PCT/US2003/038582.

Applicants are also submitting a corrected Filing Receipt, Declaration and an Application Data Sheet.

The Examiner is invited to contact the undersigned attorney if there are any questions relating to this matter. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 502624 and please credit any excess fees to such deposit account.

Respectfully submitted,
